

Lecture 2: Hemerocallis Species

Terrence P McGarty

Introduction

The material herein is first draft and represents the author's collection of Hemerocallis species. This is a work in progress and will be modified on an ongoing basis. If there are any comments, critiques, errors or the like please inform the author at tmcgarty@telmarcgardens.com .

Characteristics

- Flowers
- Branching
- Buds
- Roots
- Pods

Flowers

Flowers

H altissima

H aurantiaca

H citrina

H coreana

H dumortieri

H dumortieri esculenta

Flowers

H flava

H fulva maculata

H fulva Europe

H fulva sempervirens

H fulva kwanso

H hakuensis

Flowers

H middendorffii

H minor

H multiflora

H thunbergii

Roots

Roots

H citrina

H coreana

H dumortieri

H fulva

H hakuensis

H middendorffii

Roots

H minor

H multiflora

H thunbergii

Pods

Pods

H aurantiaca

H citrina

H coreana

H hakuensis

H minor

H multiflora

Pods

H thunbergii

H altissima

Branching

Branching

H thunbergii

H altissima

H aurantiaca

H coreana

H fulva

Branching

H hakuensis

H minor

H multiflora

Buds

Buds

H flava

H hakuensis

H citrina

H minor

H middendorffii

H multiflora

Buds

H dumortieri

H aurantiaca

H coreana

H thunbergii

Summary

Species	Flower	Root	Branch	Bud	Pod
H altissima	X		X		X
H aurantiaca	X		X	X	X
H citrina	X	X		X	X
H coreana	X	X	X	X	X
H dumortieri	X	X		X	
H flava	X			X	
H fulva	X	X	X		
H hakuunensis	X	X	X	X	X
H middendorffii	X	X		X	
H minor	X	X	X	X	X
H multiflora	X	X	X	X	X
H thunbergii	X	X	X	X	X
